

3. (Once amended) A formulation according to claim 1, which consists of:  
a masticable portion containing gelatine, gum Arabic, flavourant, and a hydrogenated polysaccharide base;  
D2 a reservoir portion comprising hydrogenated polysaccharide base, malt flavouring and the medicament.
4. (Once amended) A formulation according to claim 1 wherein the reservoir portion is up to 40% by volume of the formulation.
6. (Once amended) A formulation according to claim 1 wherein the shape of the formulation is substantially hemispherical.
7. (Once amended) A formulation according to claim 1 wherein the masticable portion contains about 20% gelatine, about 3% gum Arabic, about 6% pork liver powder, about 6% beef powder, in a hydrogenated polysaccharide base;  
D3 and the reservoir portion comprises hydrogenated polysaccharide base, about 1% malt flavouring, and the medicament.
8. (Once amended) A formulation according to claim 1 wherein the medicament is present at up to about 3% by weight.
11. (Once amended) A method of treatment to reduce plaque, control gingivitis, prevent calculus, prevent halitosis, or prevent periodontitis in a human or non-human animal subject in need of treatment with a medicament comprising administration of a formulation of said medicament according to any one of claims 1 to 8.  
D4

#### Remarks

After entry of this amendment, claims 1-11 are pending in the present application. Claim 1 is amended with respect to the definition of "edible" from page 3, lines 15-16 and to clarify the claim. Amendments to claims 3, 4, 6, 7, 8 and 11 were made to clarify claim differentiation, claim dependency, and removing trademark names. No new matter was added by these amendments.
